Personal extra info

- Optimistic and active person, mom of two boys.
- I am interested in interface design and digital design as itself (Figma, Photoshop).
- I enjoy studying and getting know the new things.
- For me creativity is a best way to switch the brain and hands to a different vibe. I paint with watercolors and experiment with other arts.
- I organized an amateur hobby lessons with watercolor for my colleagues. We enjoyed making art and relax after hard working days.
- Traveling fills me with energy and optimism and gives me power. I love Italy and so I started learning Italian.

Other achievements / awards

- The corporate website is included in the top 10 best corporate websites in Russia, winner of the Runet Award and the Golden Website Award in different years.
- AzbukaInterneta.ru - winner of the All-Russian competition of educational projects in the field of cybersecurity "Attention - digit!" (2022).
- Certificate of Commendation of the President of Rostelecom (2015)
